<https://ja.wikipedia.org/wiki/%E5%86%85%E6%B5%B7%E8%81%A1>

## “The main problem of Medicine and Nutrition”

Opinions:

“As a doctor who is in the medical field, even if it is difficult with the current insurance system, I want to become a doctor whose aim is to take care of his patients.”

Physician. 50. Osaka

“As a dentist it made me think deeply about my profession. It made me think about what can I do as a doctor and what I have to do as a doctor.”

Dentist. 40. Chiba

“His words were very sharp, when he talked about the current state of the treatments and supplements. I think there is a good opportunity to change the current treatments.”

Plastic surgery doctor. 40. Nagano

“First, I thought his viewpoint of considering mental therapy in treating diseases was wonderful. As a dentist I would like to listen how to apply it to my clinical practice. His view on the deep parts was very interesting.”

Dentist. 50 . Kyoto

“I knew about the doctor from the social media and Youtube videos but I was very happy to able to hear his speech live. Hearing Doctor Utsumi talk about Quinton and QSS products made me curious about them. I am waiting for news information about it.”

Participant. Osteopathic clinic. Fukuoka

## “The deep world of Quinton Marine Therapy”

### Opinions

*“I was surprised that the sea water therapy can be used for more than the Root canal treatment. Meeting Quinton moved me. I am always amazed by Dr. Kimura speeches but this time QUINTON left me a great impression”*

Internal medicine. 50. Osaka

*“It made me realize how important QUINTON is. I want to spread QUINTON use more”*

Internal medicine. 40. Iwate

*“I think QUINTON has multiple possibilities. I also felt that it has the possibility of changing the future of dental care. I want to learn more about it”*

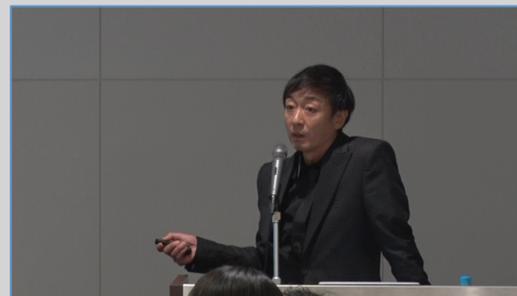

Dentist. 40. Chiba.

*“I think even if dentistry biological treatments are important. I want to amend Dr. Kimura mistake without hesitation. I felt very impressed by his idea of “It is never too late to make amends”. I was able to sympathize with him and learn from his words”*

Dentist. 40. Kanagawa.

*“I never thought that sea water is better at improving symptoms than Vitamin C. I was very impressed by the results of QUINTON water. I think it is a great product. I am thankful.”*

Regular participant. Aroma Therapy Salon. Tokyo.

**3rd Lecture - Dr. Nemoto Yasuyuki**  
**Representative of Office Masaru Emoto.**  
**Director of the IHM Research Institute**  
**Doctor of Science.**

### “The latest science of water: About the relationship between Water, information and energy”

#### Opinions:

*“The conference about the fourth state of water and the logical talk about water was very interesting”*

Internal medicine. 40. Iwate

*“I have never thought about the water wave motions and emotions, it was a very profound speech. It was the first time hearing something like this”.*

Dentist. 40. Chiba.

*“It was the first time I heard about the 4<sup>th</sup> state of water. I learnt something”*

Dentist. 50. Tokyo

*“This talk about the memory of water and information transmission during the fourth phase of water was very enlightening. The QSS seminar was filled with new discoveries. It was very interesting”*

Dentist. 50. Kanagawa

*“I have heard Doctor Emoto talking about water crystals so I was very happy to come across this seminar. Hearing the doctor speech made me think the world is evolving.”*

Office Worker, Reporter. Tokyo

## Dr. Naito Mareo

Director of the Blue Clinic Aoyama Naito integrated medicine center.

Doctor in Medicine.

### **“The clinical effect on fibrosis disease by improvement of the extracellular matrix environment”**

Opinions

*“I have become aware of the QUINTON Liposomal products”*

Dentist. 60. Tokyo

*“I have, once again, recognized the importance of water. I have strong hopes for the future possibilities of a fibrosis treatment.”*

Dentist. 40. Chiba

*“I was surprised by the cancer and fibrotic cancer cases. I would like to try these products.”*

Internal medicine. 50. Osaka

*“I considered the strong need to use detoxification on patients that are suffering from chemical sensitivity.”*

Plastic Surgery. 40 . Nagano

*“It made me aware that we do not much about real treatments for this problem. As a client I would want real treatment. I am deeply thankful”*

General Counselor. Saitama

## 5<sup>TH</sup> Lecture - Dr. Toshio Inui

Chairman of Medical Corporation Revitalization future

Doctor in Engineering.

QSS JAPAN TEAM Adviser

### **“The clinical effects of second generation GcMAF and Colostrum MAF”**

Opinions

*“I thought there weren’t many effective medications for cancer and development disorders so it really surprised me. Even as a dentist I have hope it will have effect”*

Dentist. 40. Kanagawa

*“I was interested in it’s application in autism and development disorders. I want to use this medical treatment.”*

Internal medicine. 50. Osaka

*“The clinical effect on Colostrum MAF was very interesting. This new information really moved me. “*

Internal medicine. Iwate. 40

*“I meet a treatment I did not know about. Without thinking I ordered the Colostrum MAF.”*

Dentist. 40. Chiba.

*“I did not know there was a cure for autism and cancer so this lecture surprised me. “*

Educator. Ishikawa.
